KEN JC
KEN's Good Deeds Day

On March 8, the Ken Jewish Community celebrated International Good Deeds Day, with 300 volunteers doing community services of all different facets, and in the process aiding more than 15 organizations throughout San Diego County. Projects ranged from fun-days for low-income seniors and children, to feeding the homeless, to Mishloach Manot and gifts for Jewish Children with cancer. The KEN even donated food-packages, shoes, toys, toiletries and money collected from a Garage Sale to help those in need. The major community service project in it of itself is beautiful, but it must also be the start of more people, schools, organizations, and companies being involved in the International Good Deeds Day.
