Hi Daniela,

Thank you so much for the wonderful opportunity to work with your community. The group was spectacular and I know the people we served were excited to have such young hands handing them something to eat and drink.

If we can partner again in the future, please do not hesitate. I'd like to note this event in our monthly newsletter. Do you think some of the kids can sum up they're experience in a few words or sentences?

Attached are some photos from the day.

Thank you,
